Population: 10.000.000

Number of Physiotherapists:

- in the association: 3.000
- in the country: 4.000

Headquarters:

The Greek physiotherapy association is concerned with all professional matters including physiotherapy education and trade union issues. The headquarter has two staff employees but no employed managing director. The association holds monthly executive meetings and furthers liasions with other health care professions and authorities. The association is member of a trade union.

Migration Information:

Click here for detailed information regarding the migration procedures for Physiotherapists to:
[GREECE](#)

Physiotherapy Education:

The Greek association has their own education department. There are three physiotherapy schools with 400 students per year in technical colleges in Greece, and they come within the higher education system. Studies result in an academic degree/diploma after 4 years of studies and allow for postgraduate courses. Physiotherapists are involved in both teaching and research. Greece has recognition of Physiotherapy specialists.

Status of profession:

Professional Title/ Qualification: Physiotherapist The title and the professional activity is protected by the state. The rules of professional conduct are determined directly by the state through national legislation. The physiotherapist must be state registrated and obtain a licence to practice. Greece has established a code of ethics for physiotherapists. The national authority responsible for the physiotherapy profession in Greece is the Ministry of Health. Employment opportunities for physiotherapists may be limited.

Practice of physiotherapy:

The physiotherapy services in Greece are determined by the profession. The physiotherapist is not allowed to determine the clinical intervention of physiotherapy him/herself. Greece offers both private and public physiotherapy services. The insurance cover for physiotherapy is paid both through the national health care system and privately the patient.

Twinning:

The Greek Association has not yet established any twinning program but the association hereby announces its wish to do so.
